

ReadySet®

ASSA ABLOY

Applications and Solutions

Complete doorway solutions from ASSA ABLOY Group brands:

CECO | CORBIN RUSSWIN | CURRIES | EMTEK | GRAHAM | MCKINNEY
NORTON | RIXSON | SARGENT | SECURITRON | VINGCARD | YALE

The global leader in
door opening solutions

Complete Doorway Installation in Under 10 Minutes!

Preassembled. Prefinished. Precise.

The ReadySet system is ideal for facilities with numerous repeatable openings where quick installation is necessary. Openings are customizable to accommodate varying security, life-safety and aesthetic needs.

Doors and frames are available in standard and custom colors. Hardware options include mechanical or electrified products, decorative Grade 1 trim, MicroShield™ antimicrobial finish, and more.

The ReadySet Difference

What makes ReadySet so easy to use? Consider these facts:

- Convenient ordering process and shipping schedule
- Quick installation saves labor costs and makes scheduling easier
- No special skills or tools required for installation, even for electrified openings
- Preassembly and pretesting mean no coordination of components and fewer punch list items
- Doorways get installed after all other construction is completed, resulting in less damage to doors and fewer touch-ups
- Openings are complete and ready to use immediately – including electrified hardware!
- Patent-pending 2-piece frame has welded, mitered corners for aesthetic appeal and durability
- All ReadySet frames include 4 silencers as a standard feature
- Available as door and pre-installed hardware only

All electrified openings are available with ElectroLynx® standardized plug-in connectors for doors, frames and hardware.
